Re: ClarkLTD

To Whom It May Concern:

I am the Managing Shareholder at Bauman & Dow, P.C., a six-attorney law firm located in Albuquerque, New Mexico. Jonathan Clark of ClarkLTD provides services to our firm as an Information Technology Consultant. Our law firm has twelve Windows 10 computer workstations and last year, he replaced our central server with Dropbox which is all managed by Mr. Clark. He also manages our email and calendar through Google GSuite, as well as servicing QuickBooks related issues. Mr. Clark educated and assisted me upon a hardware failure of my MacBook recently, and was able to recover my important documents while keeping me up and running. Meanwhile working with me to order a new device, getting it completely setup and restoring my data.

Mr. Clark is easily accessible via phone, text and email; and his turnaround time is excellent. Over the last several years our office has been very satisfied with the level of knowledge, competency and efficiency Mr. Clark manifests in his occupation. I would not hesitate to recommend Mr. Clark as a competent, knowledgeable and available Information Technology Consultant.

Sincerely,

BAUMAN & DOW, P.C.

Christopher P. Bauman, Esq.
